Applicant: Purdue University

License Number: 13-02812-04

Docket Number: 030-00696

Date Voided: 7/6/09

Reason for Void: The reviewer learned that this request to use a sealed source to collect air samples in an airplane was not necessary since the device they are going to use is a generally licensed device. The licensee confirmed that they will be using this source under their general license. Therefore, this request is voided.
