

DRS Management Briefing Oyster Creek License Renewal Regulatory Footprint

Sept 23, 2008
10:00 to 11:00 AM

Purpose Working Discussion of Issues and Options.
In response to RA questions on a LR Regulatory Footprint.

Success Determine Where We Are Headed.
Management Information Needs are Satisfied.

Agenda

- | | |
|--|-----------------|
| 1. Opening Remarks | rjc (2 minute) |
| 2. Current Course | jer (1 minute) |
| 3. Key Stakeholders and Stakeholder Interests | all (6 minutes) |
| 4. Is There a Problem with Commitments & Lic. Conditions | all (15 minute) |
| 5. Regulatory Options | all (20 minute) |
| 6. Key Players for RA Brief (Oct. 1) | all (2 minute) |
| 7. Other Issues - Looking Forward | jer (3 minute) |

1. OPENING REMARKS

1.1 Conduct of Briefing

- a. Conduct briefing as a working discussion
- b. Keep discussion fairly high level
- c. Focus on desired outcome - not the details of how to get there

1.2 Discussion Content

- a. Identify what issues we need Options for
(e.g., what are we trying to achieve, solve, or prevent)
- b. Discuss our perceptions of what the various stakeholders expect
- c. Discuss which organization should take the lead and who is needed for key support
- d. Build on this working discussion with Darrell -- for the briefing with Sam

2. CURRENT COURSE

2.1 NRC to continue on course, as though the OC license had been renewed

- a. We Assume AmerGen will continue to implement commitments, with no gaps
- b. R-1 Inspection Activities - 71003 Planning in-progress, no gaps expected
71003 Inspection, per 2515 App-C, with RA approval

3. KEY STAKEHOLDERS AND STAKEHOLDER INTERESTS

3.1 Stakeholders

- a. NRC [Commision, ASLB, DLR, OGC, Region-1]
- b. AmerGen [Exelon]
- c. NJ State DEP
- d. NJ State & Local Legislators
- e. Webster [Citizens]
- f. Media [Local NJ Press]

3.2 Stakeholder Interests

- a. NJ State DEP Interface - Open & Transparent Sharing of Information
(as allowed by the MOU)

Four Principle DEP Concerns

- (1) Drywell Liner Condition (71003 Outage Inspection Item)
 - (2) 3-D Finite Element Analysis - Technical Review
(NRR/DLR Review of AmerGen Summary Report)
 - (3) Fatigue Monitoring Calculation - Technical Review (?? need DLR input)
 - (4) Combustion Turbine Maintenance Program - Verification of Commitment
(Future 71003 Non-Outage Inspection Item)
- b. NJ State & Local Legislators -- need PAO and SLO Input
 - c. Webster & Citizens -- need PAO and SLO Input

4. IS THERE A PROBLEM WITH COMMITMENTS & LICENSE CONDITIONS

**4.1 If the license is not renewed by April 9, 2009 ...
What about SER "Proposed Conditions of License" and SER "Commitment List"**

Requirements vs Expectations

Are Proposed Conditions of License and Commitments part of the current CLB?

Do they have to revise the FSAR to incorporate Aging Management Programs?

If they did revise the FSAR, doesn't that make the AMPs part of the CLB?

Is AmerGen required to implement & manage LR commitments?

Is AmerGen required to use the NEI Commitment Management Program?

Can they be held accountable for anything they said in their LR Application?

If AmerGen not required to do any of the above -- Then What ?

4.2 Regulatory Tools

LR Application not yet approved [(b)(5)]

~~SAAR~~
Docketed Letters to perform various tasks

CLB - Correspondence - FSAR [(b)(5)]

4.3 Outside Stakeholder Perceptions

NJ State DEP seems satisfied - has not expressed any concern [yet]

NJ State & Local Legislators

Webster & Citizens

Media & Press

12/5-

12/5-

5. REGULATORY OPTIONS

5.1

[REDACTED]

(b)(5)

} RLS-

5.2 Communication Plan with an FAQ

[REDACTED]

(b)(5)

} RLS-

5.3 Exchange of Correspondence with Exelon

[REDACTED]

(b)(5)

} RLS-

5.4

[REDACTED]

(b)(5)

} RLS-

5.5

(b)(5)
