RE: NRC License Renewal  
Request for Additional Information

Dear Ms. Browder:

This letter is written in response to our telephone conversation and email dated July 9, 2009. The maximum number of gauges we foresee using at any one time in NRC jurisdiction is 10. (7 Troxler 3400 series, 1 CPN MC Portaprobe, 1 CPN 500 series, and 1 Humboldt 5000 series) We are committed to implementing and providing secure storage and transportation for the nuclear gauges as required by 10 CFR 30.34(i).

If there are any questions, please do not hesitate to call me.

Respectfully submitted,  
KRAZAN & ASSOCIATES, INC.
