10.04.06-***

The COL information item resolution in Section 10.4.7.2.1 of the LNP COL (LNP COL 10.4.2) identifies carbohydride as an oxygen scavenger agent which may be used in place of hydrazine. The staff requests that the applicant clarify whether the intent was to identify carbohydrazide as the alternative oxygen scavenger, since carbohydrazide is commonly used as an oxygen scavenger, while carbohydride is simply a synonym for hydrocarbon.
