Mark,

Please send the SGI containing DHS visit to report to:

Mark P. Findlay
Manager, Nuclear Security 100 GTOC
Fermi 2 Power Plant
6400 N Dixie Hwy
Newport, MI 48166

The hydrology audit info is not yet in the reading room. We were waiting for one item (Army Corp Shore Protection Manual excerpt which is out of print) from B&V which we expect today. Regardless, today we will FedEx to the reading rooms the disks containing the requested information. The disks will include the remaining item if we receive it this AM. If not we will send a new disk containing the missing item upon receipt. I would expect the information to be available at the reading rooms by Monday.

Please call if you have questions.

Thanks,

Peter
