**To:** Richard Conte; John Richmond  
**Subject:** FW: Oyster Creek - Do we need to notify the ASLB?

FYI, I may be giving a briefing in your absence on Wed. or setup something where I give a briefing and you guys phone in and listen/assist.

I'm putting together high level talking points on Tuesday and will have for your review early Wed. in the event we are asked to brief Bruce then.

Topics:

1. Background on concerns w/ drywell
2. Purpose of ongoing inspection - a) review license renewal commitments, b) review Amergen's efforts to evaluate the structural integrity of the drywell
3. Drywell shell coating issues identified during this outage, including significance and restart implications; implications on license renewal aging mgmt programs and commitments
4. Communications challenges/ legal issues
5. Next steps

**Subject:** Oyster Creek - Do we need to notify the ASLB?

All,

I informed Bruce Mallett of some leakage at the bottom of the refueling cavity for Oyster Creek and he requested:

(1) More information - **Region 1 Action**

(2) **NRR Action**: Determine if this is an issue that we need to notify the ASLB because they are in the process of reviewing Oyster Creek for a license renewal.

Shawn Williams

Sr. Operations Assistant, OEDO
