Subject: Oyster Creek Conference Call

Good Afternoon, Dr. Lipoti,

I just want to touch base with you following that call on the Oyster Creek drywell epoxy coating. We're glad that you and Rich were able to be on the call, and that Rich and Ron are observing this ongoing inspection. As always, we value your input in these discussions. For future calls, we will certainly solicit it. We do like to clarify to the licensee that our formal questioning process is complete before seeing if State observers have questions. We'll be more mindful about stating that when we ask if others on the call have questions. We did not intend to prevent you from raising yours, and apologize if that appeared to be the case.

I am certainly available to speak with you about this and any thoughts or concerns you have. You may reach me on my cell this evening, or in the office tomorrow.

Thank you so much,  
Marjorie
