Rich, Doug,
It looks really good to me, although I'm not very familiar with your inspections summaries - it's obvious you've worked hard to put together an excellent product.

My only high-level comment: did you consider recognizing somewhere, perhaps the cover letter, that AmerGen no longer operates OC (as of yesterday), but that they did at the time of the inspection. Not sure it's necessary, but might be helpful for posterity.

thank you guys (gals) for your help in advance. Purpose of this version is for a pen-in-pocket review, reaction only. Well done to Doug and John for getting the files ready

I and my staff (Modes, Tifft, Richmond) will be discussing the report most likely all afternoon on Tuesday 1/13. No time set, bridge is available from 1230 to 430, come on in for reactions and high level comments.

Conference Call Logistics (1-888-790-1159):

Total of 6 bridge lines with the pass-code (b)(2)High - [help to get on: *0 or 301-415-7025].

Allotted time is 1230 to 430p BUT the actual staff meeting is normally 2:00pm

We will move into the DRS conference room at about 200pm normal staff meeting time so call in then

For record purposes we will preserve and track the different versions of the report similar to the IP Lic. Ren. report - prefer verbal comments since written will most likely need to be preserved, more unnecessary work.

All,

Attached is the current draft of the Oyster Creek license renewal commitments inspection report and the project plan. This report is to be issued on a tight schedule and we will be request some quick turnaround reviews to help facilitate that schedule.

We are sending the current draft as-is so when we request a 24 hour review, it won't be the first time you see the report. However, if you have any comments on this draft please do not wait, provide your comments to John Richmond.

Thanks in advance for your support. Let me know if you have any questions on the schedule or the report. Again, providing your comments as soon as possible is appreciated.

-Doug
