QUESTIONS for USAPWR Projects Branch (NMIP)

01-1

The guidance in Regulatory Guide 1.206 states that the COL applicant who references a certified design should augment the information included in the referenced certified design by providing a supplemental table listing system drawings that were not included in the design certification. COL application FSAR Table 1.7-202 lists Figure 9.2.4-201, "Sanitary Wastewater Treatment System Flow Diagram." The NRC staff observed that this drawing was not included in COL FSAR, Chapter 9. Luminant is requested to provide this drawing.
