quick update:

1) I viewed the video. The stain in Bay 11 is there and visible. Video recording was dated 10-23-06, at 02:32

2) No NRC inspector has been in Bay 3 this outage (don't know about 2006).

3) If we want a direct inspection inside Bay-3, we need to do it within the next few days, or we will lose the opportunity (they'll finish the repairs and close it up).
