**SUBJECT: SOLICITATION OF E-MAIL ADDRESS FOR ELECTRONIC DISTRIBUTION OF
CORRESPONDENCE FROM U.S. NRC, REGION III**

The Nuclear Regulatory Commission (NRC), Region III offices of the Division of Reactor Projects and Division of Reactor Safety will be transitioning to electronic distribution of their outgoing correspondence via electronic mail (e-mail).

You are welcome to visit the NRC's public website at <http://www.nrc.gov/public-involve/listserver/plants-by-region.html> to subscribe to receive documents associated with plants of your choosing. The Region III office will send you a notification e-mail prior to program implementation in October 2009. You will begin receiving Region III correspondence via e-mail once the new program is implemented. The website will also allow you to unsubscribe if you no longer wish to receive the documents.

If access to the NRC website is unavailable, included in this mailing is a quick form for you to complete and return to us. We will enter your information to ensure you continue to receive the documents. If you are unable to receive e-mail correspondence, request to be removed from the distribution list, or desire to update your current mailing address, please check the appropriate block on the form.
