Subject: Additional information needed to add AU
(NOTE: This will be used as the Documents Title in ADAMS)

Summary: 9:34 left a message for Tracy to return my call and also to ask her affiliation with the licensee as she was not listed anywhere.

10:30am Tracy returned my phone call and explained she the assistant to Dr Kim who is the Dr. that wants to become an AU. She contacted me at the advice of Charles rose who is the administrator for the licensee. I explained to Tracy that Dr. Kim is required to have 700 hours of training which includes at least 80 hours of classroom training. Dr. Kim has a total of 720 hours of training, however part of this training was received in 2001 and I explained that the training must have been obtained within the 7 years preceding the date of application or the individual must have had related continuing education and experience since the required training and experience was completed. There is a certificate included in the packet that shows 300 hours of radioisotope handling completed in 2008. I informed Tracy that I still needed to know how many hours of training specified on form 313A under "Supervised work experience" were completed in 2002 alone because the 620 hours of training appear to span over 2001-2002.

Also, On the form 313A, Dr. Gary Cooper is the preceptor. It references a license number in which Dr. Cooper is named as an authorized user. I asked if a copy of that license or permit could be sent.
