I had one. RAI 2128, with two questions. This was resolved and closed months ago. I thought. EPM says they are resolved and closed.

Thanks Jerry. Looks like EPM is still carrying as late tasks 38 and 41 Fermi3. David or RAO just need to go in and status the tasks 38 and 41 as done. Also, it looks like the response to RAI 2128 is back from the applicant. Thanks to all for getting the reviews done.

No.

I had one for Section 2.2, but Rao did it.

David,

Are you planning any Fermi 3 RAI's for 2.1.1, 2.1.2, or 2.1.3? The due date for these RAI's, per the schedule was 3/20/2009.
