**Subject:** Fermi Work Orders

**Importance:** High

Mark,

**We need your ok to put this change into the production schedule** (we actually need you say ok via email so we have a record of it):

In relation to Jim Kellum's proposed changes (i.e. changing 13.1, 13.2 and 13.5 finish dates to 08/28/09 from 07/24/09);

- 1) Phase 1, Chapter 13 - There isn't an effect to the overall chapter finish date (still 04/25/10),
- 2) Phase 2, Chapter 13 - There aren't any effects to the overall chapter finish date (still 09/02/10) & critical path; subtask 13.1.1 finished date moved out to 02/25/10 from 01/25/10

**We need to have more discussion per this request:**

*per your request, I have updated the resources for Fermi. The changes are shown in red. Highlights of changes are:*

1. *Some tech staffs for certain sections changed.*
2. *Some resources changed. particularly Section 10.2.3. We need to review full detail P1 and followed by P2 and so on.*

We need to further discuss the possible deletion of 3.5.1.3 (possibly section 2.2 is being done instead).

**We also need to discuss work orders #29782 and #29795.**

**And lastly...the outcome to this request:**

we suggest that that the due date be extended 3 months to December 4, 2009 to allow appropriate review time to complete all activities after we finish the Fermi QA implementation inspection.

Let me know what a good time for you on Monday would be to figure these out.
