Hi Jerry and Mark,

Please excuse the new guy ignorance and allow me to ask a few questions.

- When does revision 1 of the Fermi Plan become official for staff review?
- I see it is now on EPM, but it is not in ADAMS as being on the docket yet.
- Is there somewhere else I should look to see what is officially on the Fermi 3 docket?
- I opened the EP plan section of rev 1 and the cover sheet is designated "Revision 1 March 2009" but the rest of the pages are designated "Revision 0 September 2008". I haven't found any description or notation of what if anything has changed in rev 1 of the Plan, do you know if anything has been changed?
- Is it intentional to only have the title page designated "Revision 1 March 2009".
- And lastly, as I understand my responsibilities as the lead EP reviewer, I am supposed to forward a copy of the new revision to the contractor that is supporting my review, where do I get a copy to send him?
