To Whom It May Concern:

I have known and worked with Dr. Kim since 2006 and can attest to his knowledge, training and experience in Nuclear Cardiology. I have personally overseen his ability to test, interpret, and communicate findings of nuclear studies to patients and other physicians for coordination of care. I have preceptored Dr. Kim for well over 700 hours between 2006 and the present. During this time I have supervised and concurred with Dr. Kim's assessments of over 400 studies. I believed Dr. Kim is competent and will be of valuable service to the field of Nuclear Cardiology. Please feel free to contact me if I can be of further assistance.

Sincerely,

Francis J. Fahey, MD, FACC
