by TVA by July 24, 2009. TVA's letter dated July 24, 2009 (Ref. 3) documented the extension of time for TVA to submit responses to the NRC's request for supplemental information from July 24, 2009 to July 28, 2009.

In preparing the response to the NRC's request for supplemental information, TVA identified the need for additional technical information. This technical information could not be assembled prior to the July 28, 2009 due date. Accordingly, TVA is withdrawing TS Change Request T-466-T at this time. TVA will notify the NRC if it intends to pursue this change request at a later time.
