Nye County Certification of Licensing Support Network Supplementation

Each potential party is required by 10 CFR 2.1003(e) to supplement, on a continuing basis, its documentary material made available on the Licensing Support Network (LSN) with additional material created or discovered after the date of its initial certification. Pursuant to the requirements of this subsection the Pre-Application Presiding Officer Board (PAPO) has ordered, in its Revised Second Case Management Order, dated July 6, 2007, that each potential party make such a supplementation or before the first day of each month following its initial certification, and file a certification to that effect.

Nye County, Nevada, filed its initial certification on January 17, 2008. Lewis D. Lacy, Director of the Nye County Nuclear Waste Repository Project Office, as LSN Responsible Official, has executed the attached certification of supplementation, dated , July 31, 2009. Nye County will continue to supplement its documentary material in accordance with the requirements of 10 CFR 2.1003(e) and the Revised Second Case Management Order.
