**Subject:** RE: NCWRC Secondary and Cumulative Impacts Document

Molly,

Thank you for the information. As we discussed, NRC has requested scoping comments regarding the proposed General Electric-Hitachi Global Laser Enrichment Facility from the North Carolina Wildlife Resources Commission as part of its consultation with the North Carolina Department of Administration. The North Carolina State Clearinghouse number for this project is 09-E-0000-0336.

Please let me know if any additional information would be useful.  
Thank you.

A. Christianne Ridge, PhD

Christianne,

Per our conversation, here is a link to our guidance document to avoid and mitigate for secondary and cumulative impacts: [http://www.ncwildlife.org/pg07\\_WildlifeSpeciesCon/pg7c3\\_impacts.pdf](http://www.ncwildlife.org/pg07_WildlifeSpeciesCon/pg7c3_impacts.pdf)
