Paul

It was my understanding from our previous discussion that these 47 would be covered in an extensive phone call. Since these are the second round and we have missed the mark it just does not seem that we will have enough time for the dialogue to ensure understanding if we do it in the times proposed .

**Subject:** STP Meetings the week of November 27th.  
Hi Russ/Scott:

The NRC will be sending out the Draft RAIs on the 17th of October, once our team and OGC has had a chance to review them. We were thinking the following times for the telecom meetings for week of October 27th:

October 29 3-5 pm : Socio/EJ and Met/AQ/Accidents We could probably do these in one hour (4-5 pm) instead of two.  
October 30 1-2 pm: Hydrology/Ecology  
4-5 pm: Alternatives (and any hydro or eco leftovers)

Please let me know if this works for you.

regards,

Paul Kallan, Project Manager  
Office of New Reactors  
Division of Site and Environmental Reviews  
Environmental Projects Branch 1
