Subject: Public Meeting - U.S. Nuclear Regulatory Commission licensing process re: GE-Hitachi's proposed uranium enrichment facility in Wilmington, NC
Attachments: July Public Meeting - Wilmington.pdf

Doug,

Thanks for speaking with me today about GE-Hitachi's proposed uranium enrichment facility in Wilmington, NC. As we discussed, NRC plans to hold a public meeting in Wilmington to explain our licensing process, answer questions, and listen to public comments.

The meeting will be held on Thursday, July 17 in Ballroom B of the Burney Center at the University of North Carolina at Wilmington. An informal open house will be held from 6 to 7 PM, and the meeting will begin at 7:00 PM. I have attached a copy of our meeting announcement, which includes an agenda.

Please let me know if any additional information would be useful.

Thanks,
Christianne

A. Christianne Ridge, Ph.D.
Sr. Environmental Project Manager
Division of Waste Management and Environmental Protection
U.S. Nuclear Regulatory Commission
