Christianne,  
FYI - We met today with Doug Springer from Cape Fear River Watch. We provided him the slides on the draft environmental report that we presented to you in June. We answered a lot of his questions, but we ran out of time. He intends to review the slides and then call us with follow-up questions. We may have to schedule another meeting with him after he has a chance to look over the info.

Let me know if you have any questions.

Thanks,
