RE: Proposed Agreement with State of New Jersey  
License No. 29-18416-01 03015044  
Soils Engineering Services, Inc.

Gentlemen:

We are responding to your June 8, 2009 letter regarding the New Jersey Agreement with the NRC.

We have determined that we will have limited work activities in NRC-regulated states and/or Federal facilities, and thus will not have need for an NRC license.

Please amend our license to authorize only work activities in the State of New Jersey. We understand that there will be no NRC fee associated with this action, and that the State of New Jersey will charge fees for the license authorizing activities in New Jersey.

We also understand that we may conduct work at temporary job sites in non-Agreement States pursuant to 10 CFR 150.20, for a maximum of 180 days in any calendar year.

Sincerely,

**SOILS ENGINEERING SERVICES, INC.**
