RECEIVED
REGION 1

Dear Dr. Gabriel:

Attached you will find the balance of the continuing education requirements that you requested in your fax of 18 June 2009 in support of our amendment request to have Mr. Caprio listed as our Radiation Safety Officer.

Enclosed you will find the following:

1. Nucletron training seminar certificate - dated 27 July 2009 - for training in the HDR unit's Operation, Safety Precautions and Emergency Procedures
2. CAMPEP listing - dated 14 July 2009 - for training in 10 CFR 35 regulations.
3. CAMPEP listing - dated 7 July 2009 - for training in Dose Calculations and Discharge Instructions for the release of nuclear medicine patients to the public.
4. Radiation Safety Academy certificate - dated 19 June 2009 - for Radiation Safety Refresher Training - Safety Programs.
5. Radiation Safety Academy certificate - dated 19 June 2009 - for Radiation Safety Refresher Training - Regulations.

If any additional information is required in support of this amendment request, please do not hesitate to contact Michael L. Caprio, Jr. at 732-557-2036.

Sincerely,

Frank Gelormini
Senior Vice President

Quiz Releasing Nuclear Medicine Patients to the Public: Dose Calculations and Discharge Instructions

Quiz Code GOVT-0031

Date Added 1/5/2009

Credits 1

Quiz Source Reiman, Robert E. "Releasing Nuclear Medicine Patients to the Public: Dose Calculations and Discharge Instructions" **AAPM Virtual Library** - Presented at the 47th AAPM Annual Meeting. Seattle, WA: July 24-28, 2005.

Objectives

1. To introduce participants to the medical conditions that are treated with radioiodine
2. To review the regulatory considerations regarding inpatient and outpatient radioiodine procedures
3. To review ways in which the regulatory requirements may be satisfied, including "public" radiation dose computations, content of post-discharge instructions and addressing the concerns of patients and their families
