ORGANIZATION AOS (Alpha-Omega Services, Inc.)				
SUBJECT AOS Application dated June 19, 2009				
SUMMARY (Continue on Page 2)				
NRC Staff: Pierre Saverot				
On July 30, 2009, AOS called at 9:45 a.m. to discuss the status of its package application dated June 19, 2009. Staff indicated to AOS that:				
-The staff has performed an acceptance review of the AOS Transport Packaging System that includes four designs, AOS-25, AOS-50, AOS-100, and AOS-165 .				
-The staff will brief SFST Management and recommend not to accept for review the application for the AOS-165 package because of serious deficiencies, particularly on thermal issues where the seal temperature is exceeded even in Normal Conditions of Transport.				
-The staff will issue no later than Friday July 31, 2009, a list of Request for Supplemental Information (RSI) necessary to begin a detailed technical review of the AOS-25, 50 and 100 packages.				
-AOS will have until August 15 or 17 (the date was not finalized at the time of the call) to provide complete responses to the RSIs..
