

FEMA

July 30, 2009

Mr. Kevin Williams
Chief, Operating and New Reactors Licensing Branch
Division of Preparedness and Response
Office of the Nuclear Security and Incident Response
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555-0001

Ref: Federal Emergency Management Agency (FEMA) Acceptance Review of the Offsite
Radiological Emergency Response Plans for the Turkey Point Nuclear Plant (Turkey Point)
COL Application Supplemental Material Submission.

Dear Mr. Williams:

The Radiological Emergency Preparedness (REP) Program staff from the FEMA Region IV Office has reviewed the offsite radiological emergency plans for the Turkey Point COL application. The documents submitted were adequate to support the review.

IAW Chapter G of *Standard Operating Procedure and Guidelines for the New Reactor Combined License Application*, the Region will obtain the other documents which are necessary to perform a detailed review (listed in our memo to you dated July 15) directly from the states and counties.

Should you or members of your staff have any questions regarding this matter, please contact Mr. David Jeremy at (202) 212-2316 or Ms. Bonnie Sheffield at (202) 212-2120.

Sincerely,

A handwritten signature in black ink that reads "Vanessa E. Quinn".

Vanessa E. Quinn

Chief

Radiological Emergency Preparedness Branch
