Re: Request for Scoping Comments Concerning The Palo Verde Nuclear Generating Station, Units 1,2, and 3, License Renewal Application Review.

Dear Sir:

The Ak-Chin Indian Community did receive your letter regarding the scoping comments for the Palo Verde Nuclear Generating Station license renewal application review.

Based on the location of this project, the Ak-Chin Indian Community will defer comments to the Lead Tribe for Land Management area – the Gila River Indian Community.

We are still interested in being informed on the SEIS when it is completed and further development on the progress of the License Renewal Application.

Thank you for informing the Ak-Chin Indian Community about this project. If you should have any questions, please contact Mrs. Caroline Antone, Cultural Resources Manager at (520) 568-1372 or Mr. Gary Gilbert, Technician II at (520) 568-1369.

Sincerely,

Louis J. Manuel Jr.
