Subject: Revision to Fundamental Nuclear Material Control Plan
(License No. SNM-00033, Docket No. 070-00036)

Westinghouse Electric Company LLC (WEC) submits for NRC approval a revision to the Hematite Decommissioning Project's (HDP) Fundamental Nuclear Material Control Plan (FNMCP). This complete FNMCP revision is intended to take effect in conjunction with the NRC's approval of the Decommissioning Plan (WEC will be submitting the Decommissioning Plan in the near future).

The FNMCP concerns the Hematite Decommissioning Project (HDP) nuclear material control and accounting program for special nuclear material, and should therefore be withheld from public disclosure pursuant to 10 CFR 2.390(d).

If you have any questions concerning this subject, please contact me at 803-647-2045.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Gerard F. Couture'.

Gerard F. Couture
Hematite Licensing Manager
