Re: Notification for License 25-19824-01

Dear Sir or Madam:

In accordance with 10 CFR 35.14:

As a follow up to our September 2008 license renewal application, remodel of our department is now complete. We have moved our injection area from the temporary location to the permanent location. The permanent location was included in the license application as Att 9.1a. The absence of radioactive materials in the temporary injection area was confirmed by conducting area and contamination surveys.

If you require additional information, please call.

Sincerely,

Ray Lamm, M.D.
Radiation Safety Officer
