The Florida REMP, Appendix VI, Figure 18 contains the population distribution, Figures 23 and 24 contain schools and hospital information for the Levy Nuclear Plant 10-Mile EPZ.</p> <p>Citrus, Levy and Marion Counties need to provide LNP county specific plans that address the population distribution around LNP.</p>	
LNP – 042	<p><b>Subject: Protective Response</b>  <b>NUREG-0654 J.10.c</b>  <b>SRP ACCEPTANCE CRITERION: Requirement H</b></p> <p><i>A. Citrus and Levy Counties</i>  LNP specific plans have not been developed. The LNP EPZ overlaps with portions of the CRNP EPZ for which plans exist that describe the coordination, activation of the public alert and notification system.</p> <p>The CRNP sirens in Citrus and Levy County are controlled from the Citrus County Sheriff’s Office EOC. They are activated with a computer at the EOC Fire Dispatcher station. The EOC also has a back-up Siren Control Computer System that is tested once a month to activate the sirens in place of the Primary Siren Computer System.</p> <p>The Director of Emergency Operations in Citrus County or their designee, under the direction of the Chairperson of the Board of County Commissioners will be responsible for activating the siren system. Residents and transients within the 10-mile emergency planning zone will be advised to tune to the following emergency alert system stations for detailed information and instructions.</p> <p><i>B. Marion County</i>  Marion County has not developed site specific plans for LNP.</p> <p>Citrus, Levy and Marion Counties need to provide LNP specific plans that address the alert and notification of the public and the coordination that occurs between the counties.</p>	CC/LC/MC
LNP - 043	<p><b>Subject: Protective Response</b>  <b>NUREG-0654 J.10.d</b>  <b>SRP ACCEPTANCE CRITERION: Requirement H</b></p> <p>The state relies upon each county to have specific plans to deal with their populace; however Marion County has not developed a plan for LNP.</p>	FL/CC/LC/MC

RAI Number	RAI Description	Florida Citrus County Levy County Marion County
	<p>Each site plan includes means for the notification, protection and relocation of all segments of the resident and transient population including mobility-impaired persons. Potassium iodide can be used in those situations where evacuation is not an acceptable protective action for populations that are difficult to move such as prison inmates, hospital and nursing home patients, or others with impaired mobility.</p> <p>The CRNP Progress Energy Information Brochure contains a return postcard on which special needs individuals, i.e., people with disabilities, confinement, medical impairments, etc., can be identified. This information is recorded and tracked by the Sheriff's Office EOC staff. Special evacuation provisions are designed to accommodate these hardship cases on an individual basis. A special phone number will be announced in a news release to enable these individuals to request assistance during the emergency. A list will be provided to Nature Coast Volunteers. Nature Coast Volunteers will be our primary means of contacting the Citizens with Special Needs when an evacuation has been declared by the Emergency Management Director or designee. This list is also programmed in the CodeRED System to be used as a back-up calling system. Citrus County needs to expand this planning to include the LNP EPZ population whose mobility may be impaired.</p> <p><i>Levy County</i> The Levy County CRNP plans include using the annual CRNP emergency information brochure, which included a tear out postage paid card for people with special needs to complete and mail to the Levy County Emergency Management Office. Forms and more information on the Special Needs Program will be mailed out to these people. The names and addresses of these people will then be put into the computer. The list will be updated on a yearly basis. When a decision to evacuate an area is made during an emergency, the Director of Emergency Management will coordinate notification to the Public School Board and the Emergency Medical Services. All people with special needs will be evacuated to the Bronson High School in Bronson. Where the Levy County Health Department will receive and care for them. Levy County needs to expand this planning to include the LNP EPZ population whose mobility may be impaired.</p> <p><i>Marion County</i> Marion County has not developed LNP site specific plans to address the evacuation of residents whose mobility may be impaired.</p>
