Robin,

Please consider this email as LANL's request to take into consideration the following, while reviewing the LANL Export License Request # XSNM3601:

1. One shipment is scheduled for FY10.
2. Two additional shipments are probable through the duration of the license approved status.

I hope this clarifies your request satisfactorily. Please do not hesitate to contact me when you have questions or need for additional data to support our request.

Regards,
Keith
