I told Andrea that you could do the proprietary information review for the ER.

Also, Christianne asked if you could put the ER on our GE-H website. The public version of the ER is available at ML090910573.

Thanks for asking. The acceptance review is on track to be complete by 3/12/09. As far as things you can help out with, Christianne asked Tim if he could do the proprietary review- we are really short staffed and I think Tim would know what is or is not proprietary more than Christianne given his experience. Would that be okay?

Just curious how the review is going. What is your date for completing the review? Do you need any assistance from us?
