Re: **RADIOLOGICAL SURVEY & REMEDIAL SERVICES, LLC
NOTIFICATION OF LICENSE USE AT THE FORMER NAVAL AIR
STATION ALAMEDA POINT, ALAMEDA, CALIFORNIA
MATERIALS LICENSE NO. 27-29309-01
DOCKET NO. 030-37835**

Dear Director:

Radiological Survey & Remedial Services LLC (RSRS) will be initiating certain activities at the Former Naval Air Station Alameda Point (NAS ALAMEDA), in Alameda, California under the Nuclear Materials License listed above. In accordance with license condition 14, RSRS intends to begin activities under our license after July 30, 2009.

NAS ALAMEDA site lies entirely within the corporate boundaries of the City and County of Alameda, California. It is our understanding that the site is subject to exclusive federal jurisdiction.

The work activities may involve limited health physics support services over a site that is known to contain radium-226 contamination, and may involve removal of potentially contaminated debris and soils from various locations around the site. Additionally, the work may include performance of Multi-Agency Radiation Survey and Site Investigation Manual surveys at other radiologically impacted sites throughout NAS ALAMEDA. Radioactive wastes generated as part of these activities will be packaged, transported, and disposed of by a separate licensee under contract to the Department of Defense Executive Agency for the management of Low-Level Radioactive Wastes. The delineation of license responsibilities will be documented in a Memorandum of Understanding between the licensees in consultation with the Department of the Navy's Radiological Affairs Support Office (RASO).

If you have any additional questions, please don't hesitate to call Mr. Daryl DeLong at (775) 398-3104.

Regards,

Daryl DeLong
Radiation Safety Officer

ACCEPTANCE REVIEW MEMO (ARM)

Licensee: Radiological Survey & Remedial Services LLC **License No.:** 27-29309-01
Docket No.: 030-37835 **Mail Control No.:** 472342
Type of Action: Notify **Date of Requested Action:** 7/16/09
Reviewer Assigned: **ARM reviewer(s):** Torres

Response	Deficiencies Noted During Acceptance Review
	[] Open ended possession limits. Submit inventory. Limit possession. [] Submit copies of latest leak test results. [] Add IC L.C./Fingerprint LC, add SUNSI markings to license. [] Confirm with licensee if they have NARM material.

Reviewer's Initials: _____ **Date:** _____

<input type="checkbox"/> Yes	<input type="checkbox"/> No	Request for unrestricted release Group 2 or >. Consult with Bravo Branch.
<input type="checkbox"/> Yes	<input type="checkbox"/> No	Termination request < 90 days from date of expiration
<input type="checkbox"/> Yes	<input type="checkbox"/> No	Expedite (medical emergency, no RSO, location of use/storage not on license, RAM in possession not on license, other)
<input type="checkbox"/> Yes	<input type="checkbox"/> No	TAR needed to complete action.

SUNSI Screening according to RIS 2005-31

Yes No **Sensitive and Non-Publicly Available** if any item below is checked

General guidance:

- _____ RAM = or > than Category 3 (Table 1, RIS 2005-31), use Unity Rule
- _____ Exact location of RAM [suite #, bldg. #, location different from mailing address] (whether = or > than Category 3 or not)
- _____ Design of structure and/or equipment (site specific)
- _____ Information on nearby facilities
- _____ Detailed design drawings and/or performance information
- _____ Emergency planning and/or fire protection systems

Specific guidance for medical, industrial and academic (above Category 3):

- _____ RAM quantities and inventory
- _____ Manufacturer's name and model number of sealed sources & devices
- _____ Site drawings with exact location of RAM, description of facility
- _____ RAM security program information (locks, alarms, etc.)
- _____ Emergency Plan specifics (routes to/from RAM, response to security events)
- _____ Vulnerability/security assessment/accident-safety analysis/risk assess
- _____ Mailing lists related to security response

After printing this label:

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

Warning: Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$500, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.
