Dear Ms. Modes:

Please be advised that Future Tech Consultants would like to remove Steve Lin as our Radiation Safety Officer (RSO) and replace him with Wilfredo Jaramillo. I have included Mr. Jaramillo's Training Course Certification certificate for your review and files.

The make and model numbers for our portable gauges are as follows:

Make	Model
Humboldt	5001P
	5001C
	5001C
	5001C
	1529
	5001EZ
Troxler	3440
	3440
	3440

All of the above gauges have 40 millicuries of Americium and 10 millicuries of Cesium each, which is below the maximum possession limit of 50 millicuries of Americium and 11 millicuries of Cesium.

Should you have any questions, please contact me at your earliest convenience.

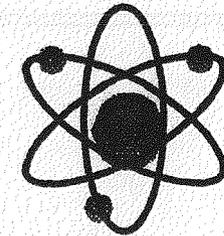

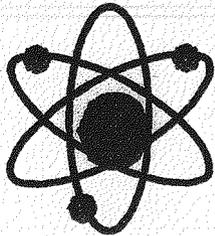

Sincerely,

Stephen Marchese, P.E.  
President
