AFFIRMATION

I, Mark A. McBurnett, being duly sworn, hereby depose and say that I am Vice President, Oversight and Regulatory Affairs, of the South Texas Project Units 3 & 4 (STP 3&4); that I am duly authorized to sign and file with the Nuclear Regulatory Commission (NRC) this affidavit on behalf of the STP Nuclear Operating Company (STPNOC); and state:

1. The accompanying Enclosure includes information specifically considered to be proprietary to STPNOC and its owners that should be held in confidence by the NRC and withheld from public disclosure pursuant to 10 CFR 2.390(a)(4), because:
 - i. This information is and has been withheld in confidence by STPNOC.
 - ii. This information is of a type that is customarily held in confidence by STPNOC and there is a rational basis for doing so because the information contains sensitive schedule information.
 - iii. This information is being submitted to the NRC voluntarily and in confidence.
 - iv. This information is not available in public sources and could not be gathered readily from other publicly available information.
 - v. Public disclosure of this information would create substantial harm to the competitive position of STPNOC by providing computer input information.

2. The basis for this claim of competitive harm is that the computer input provides details that could be used by a competitor to gain unfair commercial advantage in the development of similar computer models.

3. Information proprietary to STPNOC and its owners included in the enclosure to this letter are marked on each affected page with a proprietary information statement at the bottom of the page.

4. Accordingly, STPNOC requests that the portions of the Enclosure accompanied by this affidavit and identified as described above be withheld from public disclosure pursuant to 10 CFR 2.390.
