I spoke with Cathy. Her memory was a little faded on this also. She suggested the following:

Get OGC the package

Set up a discussion with us, and OGC to include Cathy, Lisa Clark, Brad and John Hull. I think NMSS should be included also.

Can we move forward trying to set that up?

Patti,

There are two OGC groups that have been involved - Bradley Jones's group (Rulemaking and Fuel Cycle) and Catherine Marco's Group (Materials Litigation and Enforcement). The primary attorney for the project is Lisa Clark, in Catherine's group. Thus you may want to consider consulting with Catherine as well. I may have incorrectly stated that Bradley has taken part in meetings on this topic. My notes indicate that John Hull, an attorney in Bradley's group, has taken part in this discussion, but I do not know how familiar Bradley is with this exemption request.

I've included some suggested text for an email below. Please let me know if any additional information would be useful.
