Re: Background Information on Daniel Combs

Attn: Michael Welling

Discussion:

Daniel Combs has completed the training and testing requirements of 10 CFR Part 34 para. 34.43 (a)

Mr. Combs has exceeded the required 2000 hours of hands on experience as a qualified radiographer in industrial radiographic operations of 10 CFR Part 34 para. 34.43(2).

Mr. Combs has received the formal training in the establishment and maintenance of a radiation protection program as required by 10 CFR Part 34 para. 34.42(3).

Also, Mr. Combs has received hands on RSO training at Scientific Technical, Inc. for the last four months.

In my opinion, Mr. Combs meets the requirements of 10 CFR Part 34 to fulfill the duties of RSO.

Bobby L. Dennis
RSO

By signing this certificate, neither the Inspector nor his Employer makes any warranty, expressed or implied, concerning the part described in this data report. Furthermore, neither the Inspector nor his Employer shall be liable in any manner for any personal injury or property damage of any kind resulting from or connected with this inspection. The Accepted and Rejected entries noted on this data report are an interpretation of the radiographic film by the Si-Tech representative, and are not considered final until all film has been reviewed and accepted by the appropriate customer or Government official.
