Serial No. NA3-09-027RC
Docket No. 52-017
COL/WDC

DOMINION VIRGINIA POWER
NORTH ANNA UNIT 3 COMBINED LICENSE APPLICATION
RESPONSE TO REQUEST FOR ADDITIONAL INFORMATION LETTER 039
(PART 8)

On July 9, 2009, the NRC requested additional information to support the review of Part 8, Security Plan, of the North Anna Unit 3 Combined License Application (COLA). The letter contained thirty-five RAIs. Dominion responded to twenty-three of the RAIs by letter dated August 17, 2009 (Serial No. NA3-09-027R). The responses to two of the twelve remaining RAIs are provided in Enclosures 1 and 2:

- RAI Question 13.06.01-2 Clarify Types and Capabilities of Cameras
- RAI Question 13.06.01-23 Power Source for Active Vehicle Barriers

Because the enclosed material contains security related information, Dominion requests that this letter and enclosures be withheld from public disclosure in accordance with 10 CFR 2.390.

The responses to nine RAIs will be submitted in a separate letter (Serial No. NA3-09-027RA). The response to RAI Question 13.06.01-24 contains Safeguards Information and will be submitted in a separate letter (Serial No. NA3-09-027RB).

The Security Plan will be revised to reflect the information provided in the RAI responses. To minimize COLA revisions, the revised Security Plan, Part 8 of the COLA, will be incorporated into a future submission of the North Anna Unit 3 COLA.

Please contact Regina Borsh at (804) 273-2247 (regina.borsh@dom.com) if you have questions.

Very truly yours,

Eugene S. Grecheck
