Christianne,

70.22 requires that each application for a license must contain all the listed elements, essentially requiring the application to be complete.

Lisa,

I believe when we spoke about enrichment facilities submitting their environmental reports before the rest of their license application, you mentioned that the licensee would need to request an exemption from Part 70. Specifically, you mentioned the requirements for a complete application.

I looked for relevant requirements in Part 70 and the only requirement I could find that seemed relevant is 71.21(h). Could you let me know if this is the part you were referring to, or if I should be looking at a different part of Part 70?

Thank you.  
Christianne
