Subject: RE: Process for Completing Section 106 Consultation

Afternoon Everyone,

Per our teleconference today, I made edits to the Section 106 plan for V.C. Summer Units 2 and 3.

Would everyone, please let me know if you agree with the revisions?

Process for Completing Section 106 Consultation for VC Summer Units 2 & 3

1. SCE&G, Santee Cooper will each develop a management agreement with the South Carolina State Historic Preservation Officer (SHPO).
2. SCE&G and Santee Cooper will submit their respective management agreements (signed by the respective utility and the South Carolina SHPO) to the Nuclear Regulatory Commission (NRC) under oath or affirmation.
3. The NRC will cite the management agreements in the draft environmental impact statement that it is developing in cooperation with the Army Corps of Engineers. The management agreement will be part of the basis for determining impact levels to cultural and historic resources in the EIS.
4. Section 106 Consultation will be coordinated for both the NRC and the Army Corps of Engineers in accordance with 36 CFR 800.8 (c) "Coordination with the National Environmental Policy Act." The South Carolina SHPO will provide a letter, in response to a request for comments on the draft EIS, to the NRC and the Army Corp of Engineers.

Schedule

The management agreement will be submitted to the NRC by January 15, 2010 (tentative date).

Thank you,

Jennifer
