[Reply to reply only to the message author, Reply All to include the entire list.]

Congress is considering giving FERC more authority over cyber-security including down to the distribution and retail level. We are gathering more information on State and Commission action in this area, and would appreciate it if you could answer these questions by COB **Wednesday, September 9th**.

What policies or are in place at the state level to protect against cyber-threats?

What policies or programs are in place at the state level to protect against physical threats?

Has your Commission issued any orders, decisions or opinions addressing cyber or physical threats since 2001? If so, please provide a brief summary of the decisions, orders or opinions?

Please send your responses to Deana Dennis ([ddennis@naruc.org](mailto:ddennis@naruc.org)) or by selecting "Reply" to this message.

Thank you,  
Deana Dennis
