Judge Maynard and Ms Million – I want to thank Ms Million for speaking with me yesterday afternoon. I work for the Oak Ridge National Laboratory in Tennessee, and we are providing assistance to the U.S. Nuclear Regulatory Commission in its review of the license application for two new nuclear units at the Comanche Peak site. I was among the group of NRC staff members that met with Judge Maynard on the morning of January 6, in advance of the Public Scoping Meeting.

I would like to confirm with Ms Million our reservation for meeting space at your Somervell County Court Annex from 3:00 to 5:00 pm on Tuesday, February 24. I also appreciate her efforts in adding this meeting to Judge Maynard's schedule.

The purpose the meeting on Feb 24 will be a Community Outreach opportunity to meet with local community leaders and to obtain their inputs and insights regarding potential impacts of plant construction and operations on local communities, including effects on low-income and/or minority populations in the area.

I have attached a list of proposed attendees. We are in the process of contacting the individuals on the attached list and inviting them to the above meeting. If there is anyone who you think should participate that is not on our list, please let me know so that we can issue invitations to them also.

I look forward to seeing both of you on February 24.

Thanks again,
Greg Zimmerman
