Don,
These information needs do not require a Luminant SME.

Thanks,

Matthew R. Weeks

Joe,

I am looking forward to hearing from you this morning to see if MNES can support the conference call.

Matt,

I believe most of these items fall under MNES and their contractors. If you think we need Luminant SMEs please let me know and confirm that we can support the conference call as proposed. I would like to call/email Mike back today.

Accidents (ACC)

ACC-01	Please provide a knowledgeable expert to discuss containment failure modes.
ACC-02	Please provide a knowledgeable expert to discuss the characterization of releases and release categories (from the PRA composition, timing duration, energy at release, and frequency of occurrence).
ACC-03	Please make available for reference and demonstration data for population distribution and population growth projection.
ACC-04	Please make available for reference and demonstration information and data for the weather characteristics and meteorological data applicable to the analysis of accidents.
ACC-05	Please make available for reference and demonstration a copy of the Level 2 Probabilistic Risk Assessment (PRA) document.

Thanks,

D. R. Woodlan

Subject: CPNPP Units 3 & 4 Conference call to discuss Accidents

Don,

I need to schedule a conference call to discuss accidents as it is addressed in the CPNPP Units 3 & 4 COL Application Environmental Report. I suggest we have the call at 10:00am est on Monday, March 16, 2009.

Michelle Hart (USNRC) and Bruce Mrowca (ISL) have some information needs to address. The information needs were originally sent prior to the site audit. Please let me know if you can support this meeting on this date and time. If not please submit alternative date and time.

Sincerely,

MICHAEL H. WILLINGHAM, ENV PROJECT MANAGER

Environmental Projects Branch 1

Division of Site and Environmental Reviews

Office of New Reactors
