Don,

You are most likely in the building. However, will ya'll be setting up the tie in lines or will I need to arrange it?

Mike,

We can support the call. If possible we would prefer to do the call at 8am EDT (which is 2200 in Japan). 10am EDT is quite late in Japan. But if 8am EDT does not work for you, we will support a 10am EST call. Please let me know which time works best.

I have a bridge line we can use (866-857-6769, code 2548976887). If you want to use a different bridge, please let me know about that as well.

Subject: CPNPP Units 3 & 4 Conference call to discuss Accidents

Don,

I need to schedule a conference call to discuss accidents as it is addressed in the CPNPP Units 3 & 4 COL Application Environmental Report. I suggest we have the call at 10:00am est on Monday, March 16, 2009.

Michelle Hart (USNRC) and Bruce Mrowca (ISL) have some information needs to address. The information needs were originally sent prior to the site audit. Please let me know if you can support this meeting on this date and time. If not please submit alternative date and time.

Sincerely,

MICHAEL H. WILLINGHAM, ENV PROJECT MANAGER
