ATTN: Rulemakings and Adjudications Staff

Hascall Steel Company is extremely concerned about the proposed rule changes you sent out on August 5, 2009. Forcing us to switch from a General License to a Specific License would cause dramatic cost increases due to the additional training and annual fees. In today's business climate, we simple cannot afford to take on increased costs in either of these areas.

Please reconsider these proposed changes and allow our company to remain Generally Licensed.

Sincerely,
John Stephens
Plant Administrator,
Hascall Steel Nashville
