(Levy County Nuclear Power Plant, Units 1 and 2)  
Docket Nos. 52-029 and 52-030

Dear Administrative Judges:

Pursuant to the Licensing Board's Memorandum and Order dated August 27, 2009, the Staff is providing the Licensing Board and the parties an index identifying the hearing file and mandatory disclosures in accordance with 10 C.F.R. §§ 2.1203 and 2.336. For purposes of producing the mandatory disclosures and hearing file, and considering any document as privileged or protected, the Staff treated documents created by agents and contractors of the NRC the same as if those documents were created by the Staff. The index contains the ADAMS accession number, date, and title of each item so as to make the item readily retrievable from the agency's website, [www.nrc.gov](http://www.nrc.gov), using the ADAMS "Find" function in accordance with 10 C.F.R. § 2.1203. Additionally, within a few days of this notification, the Staff will have created a separate folder in the agency's Electronic Hearing Docket ("EHD") associated with this proceeding, entitled "Levy Hearing File." Also attached is the Affidavit of Brian Anderson, as required by 10 C.F.R. § 2.336(c), and the Declaration of Frank Akstulewicz, Deputy Director for Licensing Operations, formally invoking the deliberative process privilege.

As required by 10 C.F.R. §§ 2.336(a)(3) and 2.336(b)(5), the Staff herein produces documents withheld pursuant to the deliberative process privilege, and documents withheld because they contain either proprietary or security related information. The Staff will preserve and maintain all privileged and/or otherwise protected documents during the pendency of this proceeding.

Respectfully submitted,

AFFIDAVIT OF BRIAN ANDERSON CONCERNING  
MANDATORY DISCLOSURE REQUIREMENTS OF 10 C.F.R. § 2.336(d)

I, Brian Anderson, do hereby state as follows:

1. I am employed as a Senior Project Manager in the AP1000 Projects Branch 1 of the Division of New Reactor Licensing in the Nuclear Regulatory Commission’s (“NRC”) Office of New Reactors. I serve as project manager for the NRC’s review of the Combined License Application submitted by Progress Energy Florida, at issue in this proceeding.

2. In accordance with the Licensing Board’s August 27, 2009 Memorandum and Order, I hereby certify that subject to the mandatory disclosure and hearing file requirements, the NRC staff has conducted a reasonable good faith search for all relevant materials and from these materials, the NRC staff has only exempted from disclosure documents or information exempted from disclosure pursuant to the law, including NRC regulations or the Licensing Board’s August 27, 2009, Memorandum and Order. The NRC staff has not excluded any information due to it not being reasonably accessible because of undue burden or cost. The disclosures are accurate and complete as of August 15, 2009.

3. I hereby certify under penalty of perjury that the foregoing is true and complete to the best of my knowledge, information, and belief.

DECLARATION OF FRANK M. AKSTULEWICZ

I, Frank M. Akstulewicz, do hereby state as follows:

1. I am employed as the Deputy Director for Licensing Operations in the Nuclear Regulatory Commission's ("NRC") Office of New Reactors. My supervisory responsibilities include oversight of the NRC staff's review and evaluation of the Combined License Application submitted by Progress Energy Florida, at issue in this proceeding.

2. As part of their responsibilities in preparing the hearing file and mandatory disclosures for this proceeding, NRC staff members under my supervision identified documents as privileged because they contained information concerning the Staff's deliberative process. Those documents are listed in Attachment 2 to the September 1, 2009, submission of the NRC staff's Hearing File.

3. I have personally reviewed the documents identified as privileged in Attachment 2, and have determined, in accordance with the guidance set forth in Management Directive 3.4, that they contain predecisional information concerning the Staff's review of the combined license application. All documents contain either the Staff's analyses, recommendations, opinions, or evaluations, and may not necessarily reflect the final agency position with respect to the matters discussed therein. Each of the documents comprises part of the deliberative process necessary to the Staff's review of the pending combined license application.

4. Further, I have determined that disclosure of these documents could result in harm to the agency, in that it would (a) prematurely disclose the preliminary views of individual Staff members and/or the Staff prior to reaching a final agency decision, and could thus create confusion as to the actual policy or views of the NRC staff; (b) hinder the efficiency of the Staff, in that forced disclosure of its internal discussions on an unresolved issue would tend to chill all future deliberations and would interfere with the Staff's ability to engage in a free exchange of opinions and analyses prior to publishing its final review documents; and (c) imply or suggest incorrectly that the opinions of the Staff members involved in these communications are actually the final decisions of the agency, while no such final decision has yet been made.

5. Accordingly, I formally invoke the deliberative process privilege with respect to each of the documents listed in Attachment 2 to the September 1, 2009, submission of the Staff's Hearing File.

6. I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge, information and belief.
