

September 10, 2009

The Honorable Thomas R. Carper  
Chairman, Subcommittee on Clean Air and Nuclear Safety  
Committee on Environment and Public Works  
United States Senate  
Washington, DC 20510

Dear Mr. Chairman:

This is to inform you that the U.S. Nuclear Regulatory Commission (NRC) has approved an Agreement with the State of New Jersey under Section 274 of the Atomic Energy Act of 1954, as amended (the Act). The Commission has determined that the New Jersey program for the regulation of materials covered by the Agreement is compatible with the Commission's equivalent program and is adequate to protect public health and safety. Under this Agreement, New Jersey will assume regulatory authority over certain byproduct materials, source materials, special nuclear materials not sufficient to form a critical mass, and land disposal of byproduct, source, or special nuclear waste materials received from other persons. The Agreement will become effective on September 30, 2009.

The NRC staff will conduct periodic reviews of the New Jersey program to ensure that the terms of the Agreement continue to be met.

Sincerely,

/RA/

Rebecca L. Schmidt, Director  
Office of Congressional Affairs

cc: Senator David Vitter

September 10, 2009

The Honorable Barbara Boxer  
Chair, Committee on Environment and Public Works  
United States Senate  
Washington, DC 20510

Dear Madam Chairman:

This is to inform you that the U.S. Nuclear Regulatory Commission (NRC) has approved an Agreement with the State of New Jersey under Section 274 of the Atomic Energy Act of 1954, as amended (the Act). The Commission has determined that the New Jersey program for the regulation of materials covered by the Agreement is compatible with the Commission's equivalent program and is adequate to protect public health and safety. Under this Agreement, New Jersey will assume regulatory authority over certain byproduct materials, source materials, special nuclear materials not sufficient to form a critical mass, and land disposal of byproduct, source, or special nuclear waste materials received from other persons. The Agreement will become effective on September 30, 2009.

The NRC staff will conduct periodic reviews of the New Jersey program to ensure that the terms of the Agreement continue to be met.

Sincerely,

/RA/

Rebecca L. Schmidt, Director  
Office of Congressional Affairs

cc: Senator James M. Inhofe

September 10, 2009

The Honorable Henry A. Waxman  
Chairman, Committee on Energy and Commerce  
United States House of Representatives  
Washington, DC 20515

Dear Mr. Chairman:

This is to inform you that the U.S. Nuclear Regulatory Commission (NRC) has approved an Agreement with the State of New Jersey under Section 274 of the Atomic Energy Act of 1954, as amended (the Act). The Commission has determined that the New Jersey program for the regulation of materials covered by the Agreement is compatible with the Commission's equivalent program and is adequate to protect public health and safety. Under this Agreement, New Jersey will assume regulatory authority over certain byproduct materials, source materials, special nuclear materials not sufficient to form a critical mass, and land disposal of byproduct, source, or special nuclear waste materials received from other persons. The Agreement will become effective on September 30, 2009.

The NRC staff will conduct periodic reviews of the New Jersey program to ensure that the terms of the Agreement continue to be met.

Sincerely,

/RA/

Rebecca L. Schmidt, Director  
Office of Congressional Affairs

cc: Representative Joe Barton

September 10, 2009
