RE: Source Material License SUA-1548, Docket No. 40-8964
New Position Appointment, Interim Manager, Environment, Health and Safety

Dear Mr. McConnell:

Power Resources, Inc. d/b/a Cameco Resources (CR) is providing notification of a temporary position appointment at the Smith Ranch-Highland Uranium Project. Effective August 1, 2009, Mr. Wayne Anderson was assigned to the position of Interim Manager, Environment, Safety, and Health at the Smith Ranch-Highland Uranium Project. Mr. Anderson will retain this position on an interim basis until a replacement is hired on a permanent basis.

Mr. Anderson has a Masters Degree in Occupational Health and Safety from Columbia Southern University, a Bachelors Degree in Environmental Studies from the University of Waterloo and a Certificate in Radiation Protection from the Saskatchewan Technical Institute. Mr. Anderson has over 20 years of experience in health, safety and environmental management at various uranium recovery sites across Cameco, including seven years as Director of Safety, Health, Environment and Quality at Cameco's in situ leach operation in the Republic of Kazakhstan. Prior to the recent appointment, Mr. Anderson previously held the position of Sr. SHEQ Project Manager within the Cameco Resources division.

To provide continuity during this transition, Mr. John McCarthy will continue in his role as the Assistant Manager, Environment, Safety, and Health and Radiation Safety Officer. In addition, Ms. Krista Wenzel will continue to provide support to the Smith Ranch-Highland operation in the areas of environment, health and safety.

If you have any questions or concerns, please feel free to contact me at (720) 879-5518 or Scott Bakken at (720) 879-5514.

Sincerely,

Stephen P. Collings
President
