Reference: 1) PLA-6477, Mr. W. H. Spence (PPL) to Document Control Desk (USNRC), dated February 6, 2009 (Revision 5 to the Physical Security Plan)
2) PLA-6514, Mr. W. H. Spence (PPL) to Document Control Desk (USNRC), dated May 28, 2009 (Revision 6 to the Physical Security Plan)

PPL submitted Revision 5 to the Physical Security Plan for PPL Susquehanna, LLC (PPL) in Reference 1. One of the Revision 5 changes involved language that appears multiple times in the Physical Security Plan, and one of the locations was inadvertently missed creating an inconsistency within the plan. This inconsistency was carried over into Revision 6 to the Physical Security Plan that was submitted in Reference 2.

The attachments correct the identified inconsistency by updating the Revision 6 submittal (Reference 2) with an updated description of changes and a revised Security Plan page.

Pursuant to 10 CFR 50.54(p), PPL Susquehanna, LLC has determined that the changes do not decrease the safeguards effectiveness of the plan and may therefore be made without prior NRC approval.

Should you have any questions or require additional information, please contact Mr. Michael R. Sleight, Manager Nuclear Security, at (570) 542-3200.
