RE: Docket ID NRC-2008-0272

Dear Secretary:

We have learned of the proposed rule changes which you sent out on August 5, 2009. These proposed changes are an extreme concern for our company since forcing us to switch from a General License to a Specific License would result in dramatic cost increases, including additional training in addition to increased annual fees. In today's business environment, our company simply cannot afford incurring increased costs in these areas.

We request that you reconsider these proposed changes and allow our company to remain Generally Licensed.

Very truly yours,

Vytas P. Ambutas
Vice President
Legal & Administration
